Education

University of Arkansas at Pine Bluff | Pine Bluff, AR

Bachelor of Science in Computer Science | GPA: 4.00/4.00 | **Expected Graduation: December 2029**

Enrollment: January 2026 | Chancellor's Scholarship (four-year, full) | Carolyn F. Blakely Honors Program

Obafemi Awolowo University | Osun, Nigeria

Computer Engineering Coursework | GPA: 4.97/5.00 | October 2023 – January 2026 | Transferred to UAPB

Experience

Undergraduate Researcher | Center for AI Data & Analytics (CAIDA), University of Arkansas at Pine Bluff

Pine Bluff, AR | February 2026 – Present

- Developed and launched an AI-powered campus explorer ([GitHub](#)) using Next.js, Supabase, and MapLibre with conversational AI and faculty search across 15 buildings, reaching 50+ student and faculty users and reducing average faculty discovery time from 9 to 2.5 minutes.
- Led a university-wide AI productivity workshop for 80+ faculty and staff across 7+ departments, covering AI-assisted drafting, data analysis, and presentations, earning a 4.85/5 satisfaction rating.
- Synthesized 29 academic and industry sources into a literature review on sustainable AI computing, surfacing research gaps in energy-efficiency optimization and infrastructure constraints; presented findings at the UAPB Spring 2026 Research Symposium.

Projects

StockTrakBot | Python, yfinance, GPT-4o-mini, Playwright | January 2026 – April 2026 | [GitHub](#)

- Built an autonomous trading bot for the HBCU Stock Market Challenge 2026 that executed 327 trades on a \$100K simulated portfolio using RSI-14, MACD, and SMA-20 signals, achieving a 1.89% portfolio return and finishing top 10 of 200+ participants.
- Engineered a fault-tolerant GPT-4o-mini decision layer with structured outputs, a 75% confidence gate, and Playwright error isolation, preventing individual execution failures from terminating 15-minute autonomous trading cycles.

Loop — AI Second Brain for Students | Next.js, Firebase, GPT-4o | June 2026 | [Live](#)

- Built a student productivity app that converts Canvas alerts, emails, and group chats into a prioritized daily task list using semantic vector search and GPT-4o, earning 2nd place out of 50+ teams at the USAII Global AI Hackathon 2026.

TracerQ — AI Deepfake Verification | Multimodal AI, Digital Forensics | 2025 | [tracerq.com](#)

- Developed a multimodal deepfake verification platform combining frame-by-frame forensic analysis, audio-visual mismatch detection, and metadata inspection, achieving 85%+ video detection accuracy and generating explainable credibility reports in under 60 seconds.

Hackathons & Awards

15+ hackathons across Nigeria and the U.S.; 10 first-place finishes. Selected results:

Helix — AI4Health Hackathon Africa — **1st Place** — Sep 2025 — [Live](#)

CoopWise — Nexascale Hackathon — **1st Place** — Aug 2025

EduMeAI — EdTech Rising Hackathon — **1st Place** — Jul 2025 — [Live](#)

Travidox — NACOS OAU Hackathon, Fintech Track — **1st Place** — Apr 2025 — [Live](#)

RecruitAI — PLP PowerLearnProject Hackathon — **1st Place** — 2025

Vitals — UAPB Innovation Sprint — **1st Place** — May 2026 — [Live](#)

Revela — BuildForAfrica Hackathon — **1st Place** — Oct 2025 — [Live](#)

Bincom Resume Builder — Bincom Hackathon — **1st Place** — 2024; returned as Hackathon Judge in 2025

Loop — USAII Global AI Hackathon — **2nd Place out of 50+ teams** — Jun 2026 — [Live](#)

IEEEExtreme 2025 — **#1 in Nigeria and #200 globally** — 8,000+ teams

Leadership & Activities

Community Organizer & Lead, LinkedIn Local Ife — Scaled consistent attendance from 10 to 30+ per event by organizing 10 career-focused technology meetups — 2024–2026

Student Ambassador, Adobe — August 2026 – Present

Campus Ambassador, HBCUniverse — 2023–2024

Technical Skills

Languages: Python, TypeScript, JavaScript, Java, C/C++, SQL (PostgreSQL)

Frameworks & Platforms: Next.js, React, Node.js, FastAPI, Flask, Firebase, Supabase

AI/ML & Libraries: OpenAI API, GPT-4o, pandas, NumPy, semantic vector search

Developer Tools: Git, GitHub, Docker, Playwright, Google Cloud Platform, Vercel

Certifications

Python (Basic), HackerRank — Jun 2024 | **Student English Program, Global Mentorship Initiative** — Jan 2026 |

UNESCO Youth Hackathon 2025 — Participant, Nov 2025
